Happiness then, is found to be something perfect and self-sufficient, being the end towards which our actions are directed.

Aristotle

Waves of bliss – during making love, in falling in love and devotion, in the light of the moment of insight, in prayer or during meditation ... the heaven opens and we feel at one with nature, the cosmos, with God. These ecstatic experiences are unforgettable, and the stronger and deeper they are, the more sustainable they influence our entire future life. They are the common denominator of all human endeavors, and yet, they are too rare ... But the enlightened men and the sages of all ages, and nowadays even the modern scientific research of happiness, show us the way towards “cultivating” bliss. Guru Aba Aziz Makaja and other lecturers will bring their way to happiness closer to us through meditations, lectures and workshops.

Guru Aba Aziz Makaja (Franjo Milčević)
• One of the greatest contemporary masters of Tantra
• Winner of the US American Sexual Intelligence Award
• Member of the World Association for Sexual Health (WAS) since 2003

Komaja's summer school and tantric courses take place in Croatia, at the southernmost tip of the Istrian peninsula. Renowned travel companies and media describe Croatia as Europe's holiday hotspot “where beaches and sunshine vie with cultural treasures ...” (Lonely Planet), as one of the three most attractive holiday destinations for 2013 (The Guardian), “Best of the World 2012” (National Geographic) and others. Croatia’s “Mediterranean Sea as it once was” (Croatian National Tourist Board) charms its visitors with stunning beaches, untouched nature, historical treasures and mild tourism. Pula (15 minutes drive from the Komaja centre) is the unofficial capital and cultural centre of Istria (www.pula.net): The symbol of Pula is the huge, well-preserved amphitheatre from the Roman Empire. The walk through the centre of Pula feels like a trip back in time. Dante Alighieri also mentions Pula in his “Divine Comedy”.
